

Journey Planning Kiosks

An update about the new
journey planner kiosks
available throughout
South Yorkshire

EASY TO USE

Our journey planner kiosks are changing...

The Kiosk Journey Planner has been redesigned to make planning your journey easier and faster

User friendly

The new look screens are easier to read and use incorporating touch screen technology in the form of large display buttons

Save time

People no longer need to queue up in the Information Centres to ask for journey planning information, so saving time particularly if time is an issue

Tailor made

Also included is a list of top five destination buttons for popular journeys; these are tailored specifically for each kiosk location across the network

Kiosks are currently located at all our interchanges and on street locations throughout South Yorkshire
