How to use the replacement bus

The replacement bus service is limited-stop, meaning that it will only stop at specific bus stops on the route.

Bus stops are located as near as possible to affected tram stops. Detailed information about bus stop locations and facilities is available at travelsouthyorkshire.com/Magna

Bus stops will have a sign displaying this green bus symbol.

Once you reach the bus stop, look for the bus approaching. It will have the service number shown on the front display, along with the final destination for the direction of travel.

When you see the bus approaching, signal to the bus driver to stop, such as by holding out your arm. Allow plenty of time for the driver to stop safely, and keep a safe distance away from the side of the road.

All buses are wheelchair accessible, and the bus driver will be happy to help if you require assistance.

When on the bus, press the Stop button to request that the driver stops at the next bus stop.

Any valid tram ticket can be used for travel on Supertram replacement bus services. Purchase tickets using the [TSY Mobile app](#) or from a conductor on your connecting tram service.

Some tickets can also be purchased from the bus driver.

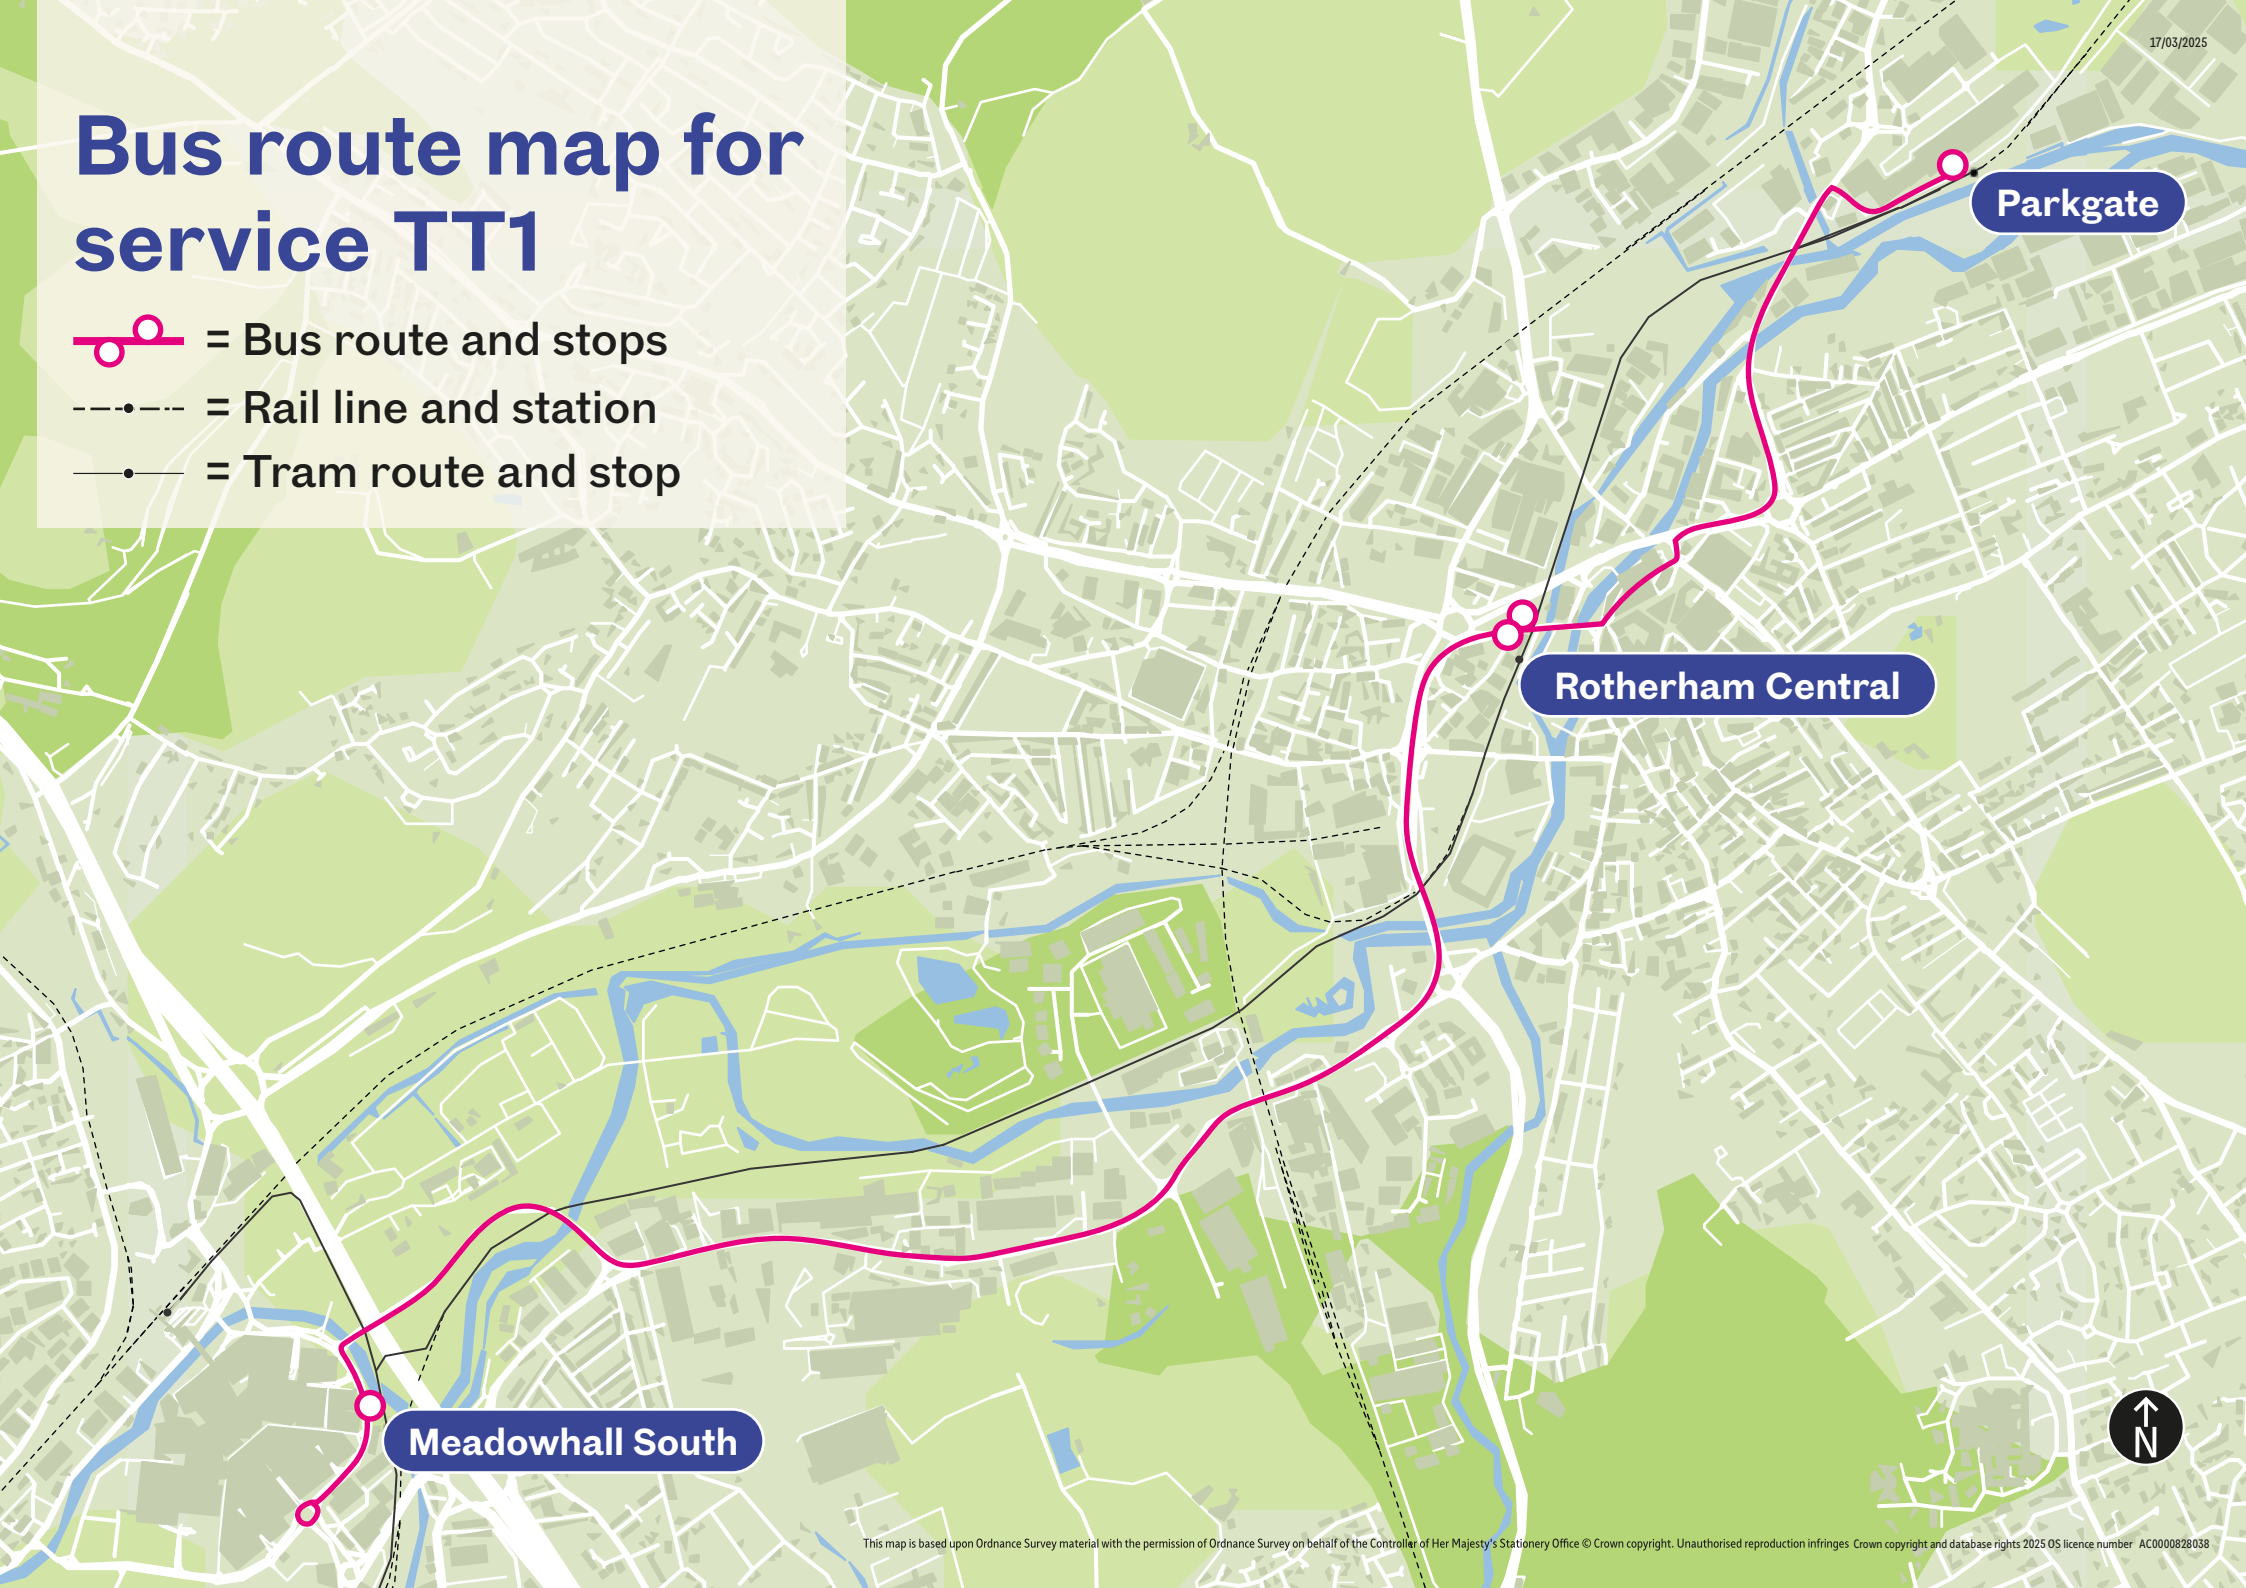

Our customer service teams at Travel South Yorkshire Interchanges can provide more information to help you plan your journey. You can also speak to a tram conductor for more information, or call Traveledine on **0800 952 0002**.
